Commercial Opportunities

“3rd Anti-Counterfeiting Pharma” offers various opportunities for you to promote and showcase your organisation to the attendees.

If you are interested in learning more about how we can work together, please contact Sarika at Sarika@recunnect.com.

Past Testimonials

“SANOFI is committed to fight against fake medicine to protect patient’s health and was able to detail its global strategy in this regards.”

Edmond d’Arvieu

It was really a pleasure to attend this event. What I really appreciated was the quality of the speakers and the wide range of topics we were discussing. This was not only centered on the packaging but we could also have insights on pharma companies strategies and European organization that deals with online pharmacies.

Franck (Novartis)

“The second ACF Pharma 2016 was very useful for my company. As a supplier of some of the top pharma companies, this has helped me a lot to further understand some trends of the pharma industry and as a consequence, offer to my customers the right solutions in the different areas. On top, good moment to build more solid business network.”

Nekicesa Packaging

“Very interesting and exciting to share ideas with other peers and see what other companies are doing in the area of anti-counterfeiting, Track & Trace and serialisation.”

Systec & Services GmbH

“Very interesting and informative. Thank you.”

Videojet Technologies Limited

“Travtec enjoyed another successful Anti Counterfeit Conference with Recunnect at the Strand Palace Hotel in London last week (9th & 10th March). With our demo rigs on hand we were able to show in real time serialisation and also aggregation to those who attended. There were many very interesting and knowledgeable speakers over the two days and I'm sure we all learnt from the varied views and aspects discussed.”

Travtec Limited

“I found the conference beneficial and it was a good opportunity for networking.”

Fisher Clinical Services GmbH

“Recunnect does a great job in bringing together key global decision makers to share best practice – the Anti-Counterfeiting Pharma conference is fast becoming a must attend event in the calendar.”

GS1 UK

“Thank you for hosting this successful & memorable conference. The topic of the conference was excellent, as well as the quality of speakers. The venue was outstanding and very well organized conference. Overall, I had a great time and looking forward for your subsequent events.”

Kurdistan Medical Control Agency

“Terrific opportunity to see topic from different perspectives.”
